Omenclatorem Geographi-Nos cum in manus tibi, Lector Amice, exhibemus; Libellum quidem nec pretio, nec mole gravem, sed utilitate (que nostra Spes est) minime fastidiendum, in usum Tyronum, qui a limine Rem Geographicam, (eam prafertim que Magnam attinet Britanniam, Hiberniamque) Salutaturi Sunt, concimatum, o in Seriem Alphabeticam digestum; cujus ope, Tyro Elementarius, quacunque hinc inde passim leguntur vocabula, nullo negotio invenire, eodemque labore explicare valeat. prio commentus, quin Classicos quaque probatos agnoscunt Authores; ut taceam, quantum non modo Extraneis inde contingat emolumenti; sed ipsis quoque Nostratibus, quibus clam esse non potest, Vocabula Latina quanquam Anglicanis subinde consona, magnam tamen partem (Antiquiora potissimum) sis sia mosov abludere.

Denique, siqua, Lector Cordate, perlegenti ut sit occurrant Scripturæ opinuma rogo, ut in melius mutares; Quæque, ob nimiam preli festinationem desiderentur nomina, aquinante condonare, & opusculum hocce meum, quale, quale, æqui bonique consulere digneris. Vale.
